

Unique Training and Skills

The military workforce is the best source for recruiting highly qualified and experienced employees. National Guard and Reserve component Service members make excellent employees because of their military training and skills:

- Have obtained skills in leadership, teamwork, and performance under pressure.
- Been trained in multiple types of occupations that involve information technology, customer service, business management, sales, operations, and many more.
- Military experience fosters great respect for procedures.
- Service members and their spouses are never afraid to tackle tough problems to reach desired results.

What Service Members are Saying:

"I believe the H2H program, especially with my counselor's help, impacted my employment opportunities tremendously. With a polished resume and effective search tools, I landed interviews and a job with Concentra Urgent Care."

VETERANS EMPLOYMENT CENTER

The Veterans Employment Center (VEC) is the federal government's single authoritative internet source for connecting transitioning Service members, Veterans and their families to meaningful career opportunities. The VEC is the first government-wide product that brings together a reputable cadre of public and private employers with real job opportunities, and provides transitioning Service members, Reserve Component Service members, Veterans and their families with the tools to translate their military skills into plain language and build a profile that can be shared – In real time– with employers who have made a public commitment to hire Veterans.

Veterans Job Bank (VJB)

Easily post job opportunities that will be visible to and searchable by job seekers. The VJB links directly to the employer's job listing, so any updates to an employer's website are automatic and applicants are routed directly to your applicant tracking system.

Search Profiles

The VEC provides employers with access to a vault of verified career profiles from transitioning transitioning Service members, Reserve Component Service members, Veterans, and their families.. Employers can search these profiles by keyword and/or geographic location to find the right fit for your organization.

Hiring Commitment

Launch your public relations campaign to hire Veterans by making a public hiring commitment on the VEC! You even have the option to state the number of Veterans you intend to hire and update your status in achieving your goal.

Other Resources

The VEC contains or links to a broad set of other informational resources designed to help you recruit and retain talented transitioning Service members, Reserve Component Service members, Veterans, and their families.
