### Veterans Employment Center

The Veterans Employment Center (VEC) is the federal government’s single online tool for connecting Service members, Veterans and their families to meaningful career opportunities in the public and private sectors. The VEC is a government-wide product that brings together a reputable cadre of employers with real job opportunities, and provides transitioning Service members, Reserve Component Service members, Veterans and their families with the tools to translate military skills into plain language and build a profile that can be shared – in real time – with employers who have made a public commitment to hire Veterans. The VEC was created in collaboration with the Departments of Veterans Affairs, Labor, Defense and Education, the Small Business Administration, and the Office of Personnel Management.
